**Guidelines:**

Churches will make arrangements with the Director of Missions or Missions Development Director to pick up the trailer prior to the event. Make sure the transport vehicle meets the following tow requirements:

- Full size truck, van or car with trailer hitch.
- Hitch ball size must be 2 inches
- Light hook up is a standard 4 prong hook (no adapters provided)

There is no cost for using the block party trailer if the trailer and its contents are returned in good condition. A deposit of \$200.00 will be required upon pick up of the trailer. The deposit will be returned to the church upon the return of the trailer in good condition.

Churches using the trailer may choose to make a donation to help replace supplies and other resources. This is not a requirement for usage. Your gifts will make it possible to keep the trailer updated and fully stocked. Make your check payable to the association.

If there is damage (other than normal usage wear) the church may need to pay for replacement of broken item(s).

Churches will need to properly clean all concession equipment. Follow cleaning directions closely.

Churches will return the trailer back to the storage location in the same (or better) condition as when picked up.

Report any damage or supplies that need to be replenished.

By signing and submitting this reservation request, we acknowledge that we have read, understand and agree to the above stated policies to the use of our associational Block Party Trailer.
